| <p>1. Not in words of human wisdom<br/>Can we know,<br/>Hear anew,<br/>Word beyond our wordings,<br/>Save within your Spirit's motion,<br/>Find we fire,<br/>Holy fear,<br/>Fear and fascination.</p>                               | <p>3. There, our deepest trust reviving,<br/>Grace reveal,<br/>Cross fulfil,<br/>Through your fire's refining;<br/>And, our palsied spirits healing,<br/>Hope affirm,<br/>Love transform,<br/>Fill our inmost being.</p> |
| <p>2. To our spirits easing entrance,<br/>Sifting doubts,<br/>Sounding deeps,<br/>Search our very entrails;<br/>Through that wordless intercession<br/>Breathe our sighs,<br/>Form our souls,<br/>Free of this world's fashion.</p> | <p>4. Till at last our heart's surrender,<br/>Lost in praise,<br/>Soul surprise,<br/>Seals our spirit grandeur,<br/>To eternal life expanded,<br/>Day by day,<br/>Till we die,<br/>To that City pointed</p>              |
